OREGON BUILDING IS TAKEN.

Army Accepts Offer for Clubhouse for Presidio Officers.
SAN FRANCISCO, Dec. 15.—Gut of a triangular tangle of ownership involving the Oregon commission, the United States government and a San Francisco contractor, came the announcement that the Oregon building at the Panama-Pacific exposition had been presented to the United States army as a clubhouse for officers at the San Francisco Presidio.
Early last week representatives here of the commission announced the building had been sold to a contractor for \$1500. Then came news from Oregon that the building had been presented to the United States army, and word was received that the government had accepted the offer.

Bonds Cannot Be Retired.
OLYMPIA, Wash., Dec. 15.—The state board of finance will have to await formal legislative action, in the form of an appropriation, before retiring the \$296,624 normal school bonds that now constitute the only outstanding state bonds that are a charge against the public finances of Washington, in the ruling of the attorney general's office in a formal

opinion rendered to State Treasurer Edward Meath.
Treasurer Meath said that he and Auditor Clausen would join with the governor in a recommendation for legislative action that will wipe out the small remaining state debt. The funds are available.

Bear This in Mind.
"I consider Chamberlain's Cough Remedy by far the best medicine in the market for colds and croup," says Mrs. Albert Blower, Lima, Ohio. Many others are of the same opinion. Obtainable everywhere.—Adv.

Nurse Is Soldier's Wife.
NEW YORK, Dec. 15.—Dr. Arthur H. Burling, of San Mateo, Cal., who arrived on the White Star liner Cymric from Liverpool, told how he had been wounded in a trench on the Aisne which his command, the Foreign Legion, had occupied. He had gone to the French front as a surgeon, but decided later to be a fighting man and joined the Legion.
He was three days in the trench, which was heavily bombarded. He received three shrapnel bullets in the legs and one in the shoulder before he lost consciousness.
He awoke at Havre and later was

taken to Plymouth where he met the young woman who nursed him and who arrived with him as his wife.

Mine Becomes Active.
CHEHALIS, Wash., Dec. 15.—The demand for copper and copper ore having increased the price of that mineral, the Cascadia Mining Development Company, which owns valuable properties in the St. Helens district, is planning to resume operations soon.

The company is advertising for bids on from two to five miles of wagon road to the St. Helens district from Lithro, in Cowlitz county. The bids ask for the building, clearing and grading of a road and offers are desired within the next ten days, indicating that the company is anxious to get its product to the market as quickly as possible.

On Tuesday evening of this week, a pleasant surprise on Miss Lillian Pruitt was enjoyed at her home on 601 Cobble street, the occasion being her 20th birthday. A capital lunch was served, the boys being the "rustlers." Miss Pruitt was the recipient of several pretty gifts. The guests were Misses McConnell, Cleveland, Arnold, Jones, Childerth, Johnson and Neva and Ruth Edwards; Messrs. Mr. and Mrs. W. H. Hawley of Kootenai, Montana, will arrive tomorrow evening in Pendleton to be the guests for several days of Miss Laura Muir at her apartments in the Association Block. They are at present in Milton visiting Mrs. Hawley's parents, Mr. and Mrs. Danner. Mr. Hawley was at one time in the grocery business in Pendleton.

Mrs. Fred T. Block arrived home last evening from Portland where she had been visiting for a short time.

A very pleasant afternoon was spent yesterday by the Ladies' Aid of the Methodist church at the home of Mrs. Derwood B. Waffle on Lewis street. There were about forty ladies in attendance. The rooms were very pretty in their Christmas decorations and the chief form of entertainment consisted in Christmas reminiscences, each guest telling a childhood Yuletide experience. A little Christmas tree was brought in and on it was a favor for each member present. Refreshments, too, were suggestive of the season.

Mr. and Mrs. Wesley N. Matlock returned yesterday morning from Umatilla where they spent a few days as guests of Mr. and Mrs. Will Switzer. A part of the time was spent on the Switzer launch in search of geese and ducks.

Mrs. Guy O'Melveny is recovering from a severe attack of la grippe.

Why You Should Use Chamberlain's Cough Remedy.

Because it has an established reputation won by its good works.
Because it is most esteemed by those who have used it for many years, as occasion required, and are best acquainted with its good qualities.
Because it loosens and relieves a cold and aids nature in restoring the system to a healthy condition.
Because it does not contain opium or any other narcotic.
Because it is within the reach of all. It only costs a quarter. Obtainable everywhere.—Adv.

YELLOW BOOK USED BY THE PRESIDENT FOR A BAROMETER

ONLY ONE COPY IN EXISTENCE AND THAT IS OWNED BY CHIEF EXECUTIVE.

Not a Collection of French Stories Nor a Theatrical Publication—It is a Collection of Newspaper Clippings from 50 Newspapers Throughout Country.

(United Press Correspondence.)
WASHINGTON, Dec. 15.—Joseph P. Tumulty, a devoted reader of The Yellow Book. This is not a magazine of French yarns nor a theatrical publication, nor anything like that. In fact the public cannot purchase it at any news stand or book store. There has been only one issue, a strictly limited edition consisting of a single copy.

The Yellow Book is a collection of clippings from fifty representative newspapers published throughout the country, dealing with administrative, political and general governmental questions. It is through the daily editions of this book that President Wilson keeps in touch with public thought.

President Wilson has been credited with this keen practice of keeping his ear to the ground, his finger on the public pulse and his eyes on the score board of national sentiment very closely. It is one of his ways of following the thought of the people, as reflected in the press. The president does not have time to read 50 papers; at least not every day. The White House, therefore, has a clipping bureau consisting of the newspapers and two men to do the clipping.

Every evening as he leaves the White House, Secretary Tumulty stops for the Yellow Book and takes it home with him, there to peruse it under the influence of a good cigar and comfortable slippers. In the morning he takes it back to the executive offices and if on the previous evening he has found any item he thinks would be of interest to the president, he tells the executive all about it.

Usually there are no extraordinary results from either the president's or Secretary Tumulty's reading of The Yellow Book but recently there was an example of what can result. A story had been published in a metropolitan newspaper which did not coincide with the facts.

According, the story was politely but firmly handed his passports at the White House offices and it was

The even grinding and the careful removal of chaff are not to make Schilling's Best look better; but to make it taste better.

Muddy, half-strength coffee often comes from uneven grinding—amateur grinding. Chaff is bitter-tasting.

We take no chances with Schilling's Best; your goodwill is too important.

The airtight tin seal-in all the full flavor. The coffee is economical because it goes further.
